

Alloy surcharges for seamless, welded and calibrated and welded and redrawn stainless steel tubes for all deliveries.

Valid as of 01.01.2009 in €/kg

| Material | seamless | welded and calibrated | welded and redrawn |
|-----------------------|-----------------|------------------------------|---------------------------|
| 1.4301 / 304 | 2,32 | 1,12 | 1,26 |
| 1.4306 / 304L | 2,32 | 1,19 | 1,34 |
| 1.4401 / 316 | 4,23 | 1,64 | 1,86 |
| 1.4404 / 316L | 4,23 | 1,64 | 1,86 |
| 1.4435 / 316L | 4,83 | 1,80 | 2,04 |
| 1.4539 / 904L | 7,59 | 2,68 | 3,03 |
| 1.4541 / 321 | 2,32 | 1,20 | 1,35 |
| 1.4571 / 316Ti | 4,23 | 1,65 | 1,86 |

**We charge an alloy surcharge of 7 % of our sales price for bright finished fittings.
For electropolished fittings we charge an alloy surcharge of 5 % of our sales price.**

Alloy surcharge for DIN11864 bright finish & electropolished 10 %

**Calculation of tube weights: $(d-s) \times s \times 0,02507$
d = outerdiameter, s = wallthickness**
